Subject: Price Adjustment Notice – Effective 1st October 2026

Dear Valued Customer,

We would like to thank you for your continued support and cooperation.

Due to the significant increase in raw material prices globally, our manufacturer has notified us of an upward revision in factory prices across the SUNNIK tank range. Despite our best efforts to absorb these costs, we have no choice but to implement the following price adjustment on all new quotations, effective 1st October 2026:

Product Range	Price Adjustment
FRP / GRP Sectional Panel Tanks (SUNNIK)	+ 8%
Steel Sectional Panel Tanks – HDG Pressed Steel & Stainless Steel (SS304 / SS316)	+ 6%

We have made every effort to maintain our current pricing; however, the continuous increase in costs has made this adjustment necessary.

Kindly note the following:

1. Quotations issued before 1st October 2026 will be honoured at the quoted price only within their stated validity period. Any quotation whose validity has lapsed will be re-issued at the revised prices.
2. Orders confirmed with a Purchase Order and deposit within the quotation validity period, and on or before 30th September 2026, will be processed at current prices.
3. All quotations issued on or after 1st October 2026 will reflect the revised prices.

We appreciate your understanding and look forward to your continued support. If you have any questions, please feel free to contact us at +65 6365 7728 or admin@magtechgeneral.com.sg.

Thank you for your continued support.

Yours sincerely,

Management
